ADVANCE NOTICE OF PROPOSED RULEMAKING FOR IMPLEMENTING THE REEXAMINATION AND FEE PROVISIONS OF PUBLIC LAW 96-517 (H.R. 6933)

AGENCY: Patent and Trademark Office/Commerce.

ACTION: Advance notice of proposed rulemaking.

SUMMARY: The purpose of this advance notice of proposed rulemaking is to advise the public of the Office's current plans for implementing the reexamination and fee provisions of Public Law 96-517, enacted on December 12, 1980. The reexamination provisions of this new law, including reexamination fees, will take effect on July 1, 1981. New patent and trademark fees, other than reexamination fees, must be established no later than October 1, 1982.

Insofar as the reexamination provisions are concerned, it is expected that proposed rules to implement them will be published in the Federal Register by the middle of January 1981, with publication to follow in the OFFICIAL GAZETTE as soon thereafter as possible. Assuming the proposed rules are published by the middle of January, a public hearing on the proposed rules could be held as early as the first half of April 1981, with the rules being completed and promulgated thereafter.

It will be some time before the Office is ready to publish proposed rules implementing the fee provisions, but the same procedure will be followed as for the reexamination rules. A public hearing will be held following publication of the proposed rules. Completion and promulgation of the rules will follow both an adequate comment period and the public hearing.

ADDRESS: Persons wishing to submit written comments before the proposed rules are published should address them to Michael K. Kirk, Director, Office of Legislation and International Affairs, whose address is: Box 4, Commissioner of Patents and Trademarks, Washington, D.C. 20231.

SUPPLEMENTARY INFORMATION: New fees under the provisions of Public Law 96-517 will not become effective until appropriate rules are promulgated. Until that time, which the Office presently anticipates will be no earlier than July 1, 1981, the present fee provisions will remain in effect. Maintenance fees will be required for any patent actually applied for on or after December 12, 1980, whether or not the patent is entitled to the benefit of an earlier filing date under section 120 of title 35, U.S.C. or a right of priority under section 119 of title 35, U.S.C. The amounts of maintenance fees have not yet been set.

The text of Public Law 96-517 will be published shortly in the OFFICIAL GAZETTE.

This advance notice of proposed rulemaking is issued under the authority of 35 U.S.C. §§ 6 and 41.

Signed:
Dated: Dec. 19, 1980.

SIDNEY A. DIAMOND,
Commissioner of Patents and Trademarks.

Dated: Jan. 8, 1981.

Extension of Time for Filing Notices of Opposition

By means of an Official Gazette Notice dated January 22, 1981, the Patent and Trademark Office announced that (1) the automatic 14-day extension of filing Notices of Opposition to registration of marks published in the Official Gazettes dated May 20, 1980 thru December 30, 1980 would not be continued into calendar year 1981 and (2) extensions would be granted, as necessary, only on an issue-by-issue basis.

Continued difficulties with printing and mailing of the Official Gazette have made advisable a modification of the policy announced in the Notice dated January 22, 1981 and the reinstatement of the automatic 14-day extension. Therefore, beginning with the Official Gazette issue dated January 13, 1981, a Notice of Opposition to registration of any mark appearing in the Official Gazette will be considered timely if filed within 44 days after the date on the cover of the Official Gazette in which the mark appears.

This Notice will be printed in each succeeding issue of the Official Gazette, and the announced 14-day extension will continue to apply unless specifically terminated or modified by subsequent Notice.
